

FEELREAL

FEELREAL SENSORY MASK

Deep immersion. Expand your senses.

WHAT IS Feelreal Sensory Mask?

Feelreal Sensory Mask gives you the ability
not only to see and hear,
but also to **feel**:

heat

water mist

wind

vibration

+ different scents

Smell roses, perfume, bread, meat,
coffee, the forest, aromatherapy, and
male and female pheromones.

SCENTS

In general over **255** scents can be used with a mask!

We developed an odor generator with **9 removable smell cartridges** that can be easily changed depending on the game or you movie you're play or watching.

SOFTWARE

You can broaden your 360 video experience with different smells and sensory effects using our free **Fealreal Player App**.

Adds smells, wind, hot air, mists of water, and vibrations to your videos and games, allowing you to experience a realistic presence in a virtual world.

We create **Unity and Unreal Engine SDK** for game developers

COMPATIBILITY

The Feelreal Sensory Mask connects to any VR headset via magnets.

APPLYING

The mask can be used for:

watching 360° videos

playing games

aromatherapy

REVIEWS

Watch the users reviews from **GDC 2018**
